

# 3.00 - Data exports

16 December 2021

- Release of the data export feature, accessible from article datatables:

The screenshot displays a web interface titled "LIST OF ARTICLES: REGISTRATION". It features a table with columns for Reference, Article Type, Author, Country, Status, and a date column. A dropdown menu is open, showing options to "Export current columns" and "Export all columns", each with sub-options for Excel, CSV, and PDF. A yellow highlight is placed over the export icon in the top right corner of the table.

LIST OF ARTICLES: REGISTRATION

Show 25 entries
