

5.75 - The return of the classic referee search, roomier mail edits

26 June 2024

Classic referee search

The classic search makes a come back, allowing editors to perform exact searches on referee names. In addition, [wild cards](#) are also available to get even more customization.

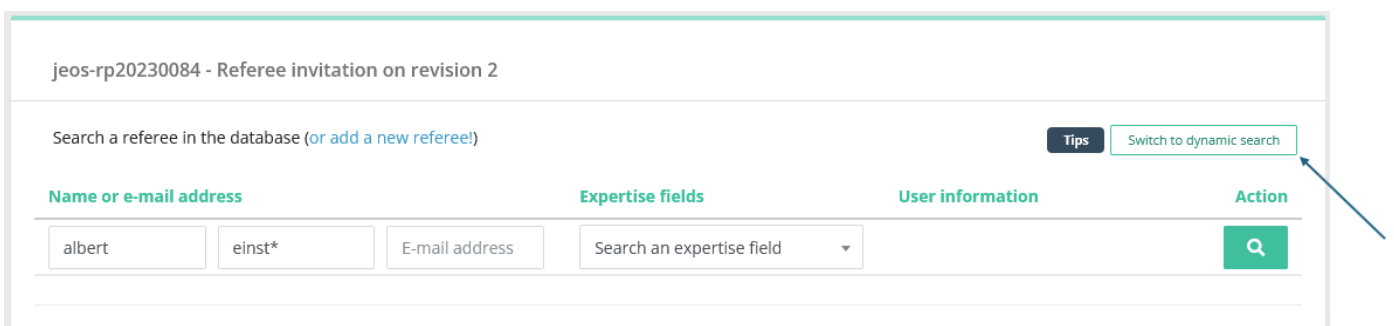

jeos-rp20230084 - Referee invitation on revision 2

Search a referee in the database (or [add a new referee!](#)) Tips Switch to dynamic search

Name or e-mail address	Expertise fields	User information	Action
<input type="text" value="albert"/>	<input type="text" value="einst*"/>	<input type="text" value="E-mail address"/>	<input type="text" value="Search an expertise field"/>

☆ [wild card](#) ☆

You can switch between the two types of search with this button:
